Key Features

- Coverage for a wide range of famous NFT collections
- Protection against loss, theft, damage, and accidental destruction
- 100% on chain, built on Woven blockchain

Benefits for Bluechip Collectors

- Peace of mind: Safeguard your valuable investments
- Enhanced value: Attract buyers with insured assets
- Market confidence: Ensure trust and credibility in the NFT ecosystem

Roadmap (1/2)

- **Phase 1: Launching BlueChip Insurance platform (DONE ✓)**
 - Develop and deploy the BlueChip Insurance platform
 - Implement user registration and premium payment functionality
- **Phase 2: Expanding coverage to additional NFT collections**
 - Research and evaluate popular NFT collections with high market demand
 - Customize coverage plans for each supported collection
 - Collaborate with collection creators and owners to ensure accurate valuation and risk assessment
 - Promote the availability of insurance coverage for these collections to attract new customers

Roadmap (2/2)

- **Phase 3: Partnerships with leading NFT marketplaces**
 - Identify and establish partnerships with major NFT marketplaces
 - Integrate BlueChip Insurance services directly into these platforms
 - Enable seamless insurance purchase and claim processes for users on partner marketplaces
 - Enhance visibility and accessibility of BlueChip Insurance by leveraging marketplace collaborations
- **Phase 4: Continuous improvement and innovation**
 - Gather feedback from users and insurance policyholders
 - Enhance the platform's user experience and add new features based on user needs
 - Explore advancements in blockchain technology to further enhance security and transparency
 - Stay updated with evolving NFT trends and adapt insurance offerings accordingly
